Inspection

Type: ROUTINE INSPECTION

Date: AUG-01-2006

2.31 (d X 1 X ii)

2.31 (e X 3)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

(ii) The principal investigator has considered alternatives to procedures that may cause more than momentary or slight pain or distress to the animals, and has provided a written narrative description of the methods and sources, e. g., the Animal Welfare Information Center, used to determine that alternatives were not available;

*** (b)(4) didn't include search for alternatives to the potentially painful procedures such as sternotomy, implantation, and cannulation. Search for alternatives should be considered for procedures that may cause more than momentary or slight pain or distress to the animals.

Correct by: 8/15

(e) A proposal to conduct an activity involving animals, or to make a significant change in an ongoing activity involving animals, must contain the following:

(3) A complete description of the proposed use of the animals;

*** (b)(4) gave an example of what procedures would be performed on the animals by the medical students. There are four other groups of animals that would be used by Residents, CME courses, and Robotics. There is no description of the procedures that will be performed on the animals by these groups. Need to provide details about the complete use of animals for all groups of animal users.

Correct by: 8/15

This is a focused inspection.
